ENVIRONMENTAL POLICY

1. PURPOSE AND SCOPE

The Bristol and Avon Group is a regional business, which supplies and provides services to the construction and demolition industry.

2. COMMITMENT

The company is committed to continual improvement in its environmental performance and to the prevention of pollution. Within this framework, the company is committed to complying with the relevant environmental legislation and regulations.

This is achieved by adopting and implementing environmental, health and safety and quality systems.

The company will communicate and develop its policies with employees, sub-contractors, clients, suppliers and other interested parties.

The key impacts on the company's external environment have been identified as:

- Transport and collection.
- Use of non-renewable materials.
- Waste, discharges and emissions.
- Accidents, incidents and emergencies.

These areas will be central to the company's improvement plan. This policy will be regularly reviewed to ensure continual improvement of all systems and to ensure identified areas have clear targets and objectives for improvement.
